

## LEVEL B APPLICATION

### Certification for Trainee Crane Operators

- Level B Certification is for apprentices and trainee crane operators who are formally engaged in a workplace training program for a specific crane type.
- A successful result on the Level B BC Crane Operator Core Theory Exam (an online multiple choice test) is required for certification.
- The Level B Certificate is valid for up to one year and is renewable by application.
- The Level B Certificate is valid for the crane type indicated below (see the crane type hierarchy chart at [www.fulford.ca/cranesafe.html](http://www.fulford.ca/cranesafe.html)).
- All ordinary lifts performed by the apprentice / trainee operator must be under indirect supervision of a qualified supervisor†.
- All critical lifts (as defined by WorkSafeBC) performed by the apprentice / trainee operator may only be under direct supervision of a qualified supervisor†. Direct supervision requires that the supervisor is close enough to observe the lift and to provide verbal directions to the operator.
  - † The employer is to ensure that the supervisor is properly trained and that there is a plan for supervision.
- The Level B Certificate will be sent to the Trainee Crane Operator.
- A list of crane operator competencies is available online at [www.fulford.ca/cs\\_aforms.html](http://www.fulford.ca/cs_aforms.html).

#### Photo ID Certification

Please enclose a passport sized photo of the trainee crane operator clearly labelled.

Or, email a digital photograph (min. 300 dpi / medium resolution) to [certificates@fulford.ca](mailto:certificates@fulford.ca).
