

INDIVIDUAL RE-ASSESSMENT APPLICATION

Operators: Use this application to be re-assessed for your CraneSafe Certificate.

Employers: Please use the Employer Re-Assessment Application form to book appointments for your employee(s).

IMPORTANT NOTICE:

1. If you hold a provincial or federal crane certification, the CraneSafe Certification may be optional. Please contact our office to clarify.
2. A separate assessment must be booked for each class of crane being assessed. See www.fulford.ca for more details on crane classification.
3. The crane you will be re-assessed on must have up-to-date certification and the Load Chart and Log Book must be available or the assessment will not take place.
4. Space must be available to write the Load Chart & Rigging assessment. The person being assessed must have privacy.
5. Outrigger pads must be available for crane set up. The floats provided with the cranes are not sufficient.
6. Adequate yard space must be available for crane set up and to perform the operating components of the assessment.
7. No power lines may be in the operating area.
8. Outside of BC, this certificate is renewable every five years.
9. The assessor will take your photograph at the time of assessment. The photo will be used for the crane operator's photo id certification card. *No hats or sunglasses.*

PRIVACY NOTE:

We have a strict privacy policy. We will not share your personal information or photo with any party except the following:

- WorkSafeBC and its designates
- The assessed operator

Make Model

Type of Crane to be Used for Re-Assessment

- Indicate the class of crane you are applying to be assessed on – choose only **one**. Upon successful completion of the assessment, this is the Certificate you will receive.
- Please provide complete crane information as the load chart portion of the assessment will be matched as closely as possible to the crane you operate.
- All weights metric.
- Non-incumbent operators (registered with BCACS after 1 July 2007) are required to write a Challenge theory test through the ITA in addition to the CraneSafe Assessment to be certified.
- Existing categories will be used until new categories are approved. (Date pending industry approval.)
